CERTIFICATE

To our beloved, young & dedicated member:

Emran Magdy Abdel Ghany Radwan

You have successfully completed **Grade 7-8 Module 2 Mobile App Dev 2**

Throughout this module, you have achieved the following outcomes
Develop a strong foundation in Dart programming language, including variables, data types, and syntax, and apply these concepts to projects
Understand how loops and lists are created in Dart and utilize them effectively in solving real-world programming problems.

We wish you all the best!
